```

A class hierarchy diagram showing four classes in a vertical stack. At the top is 'socketpp::BaseSocket' in a solid box. Below it is 'socketpp::RawSocket' in a dashed box. Below that is 'socketpp::TCP_RawSocket' in a solid box. At the bottom is 'socketpp::TCP_IP_RawSocket' in a solid box. Vertical arrows point upwards from each box to the one immediately above it, indicating inheritance: TCP_IP_RawSocket inherits from TCP_RawSocket, which inherits from RawSocket, which inherits from BaseSocket.
