

socketpp::BaseSocket

```
graph BT; A[socketpp::TCP_IP_RawSocket] --> B[socketpp::TCP_RawSocket]; B --> C[socketpp::RawSocket]; C --> D[socketpp::BaseSocket];
```

A class hierarchy diagram showing four classes in a vertical stack. At the bottom is 'socketpp::TCP_IP_RawSocket', followed by 'socketpp::TCP_RawSocket', then 'socketpp::RawSocket' (which is enclosed in a dashed border), and at the top is 'socketpp::BaseSocket'. Arrows point upwards from each class to the one immediately above it, indicating inheritance.

socketpp::RawSocket

socketpp::TCP_RawSocket

socketpp::TCP_IP_RawSocket
